Securing Business and Beyond ***"Non traditional dimensions"*** ***CULTURE***

RAJAN NAGARAJAN

We live in a Connected World . . .

**CONNECTED
ERA**

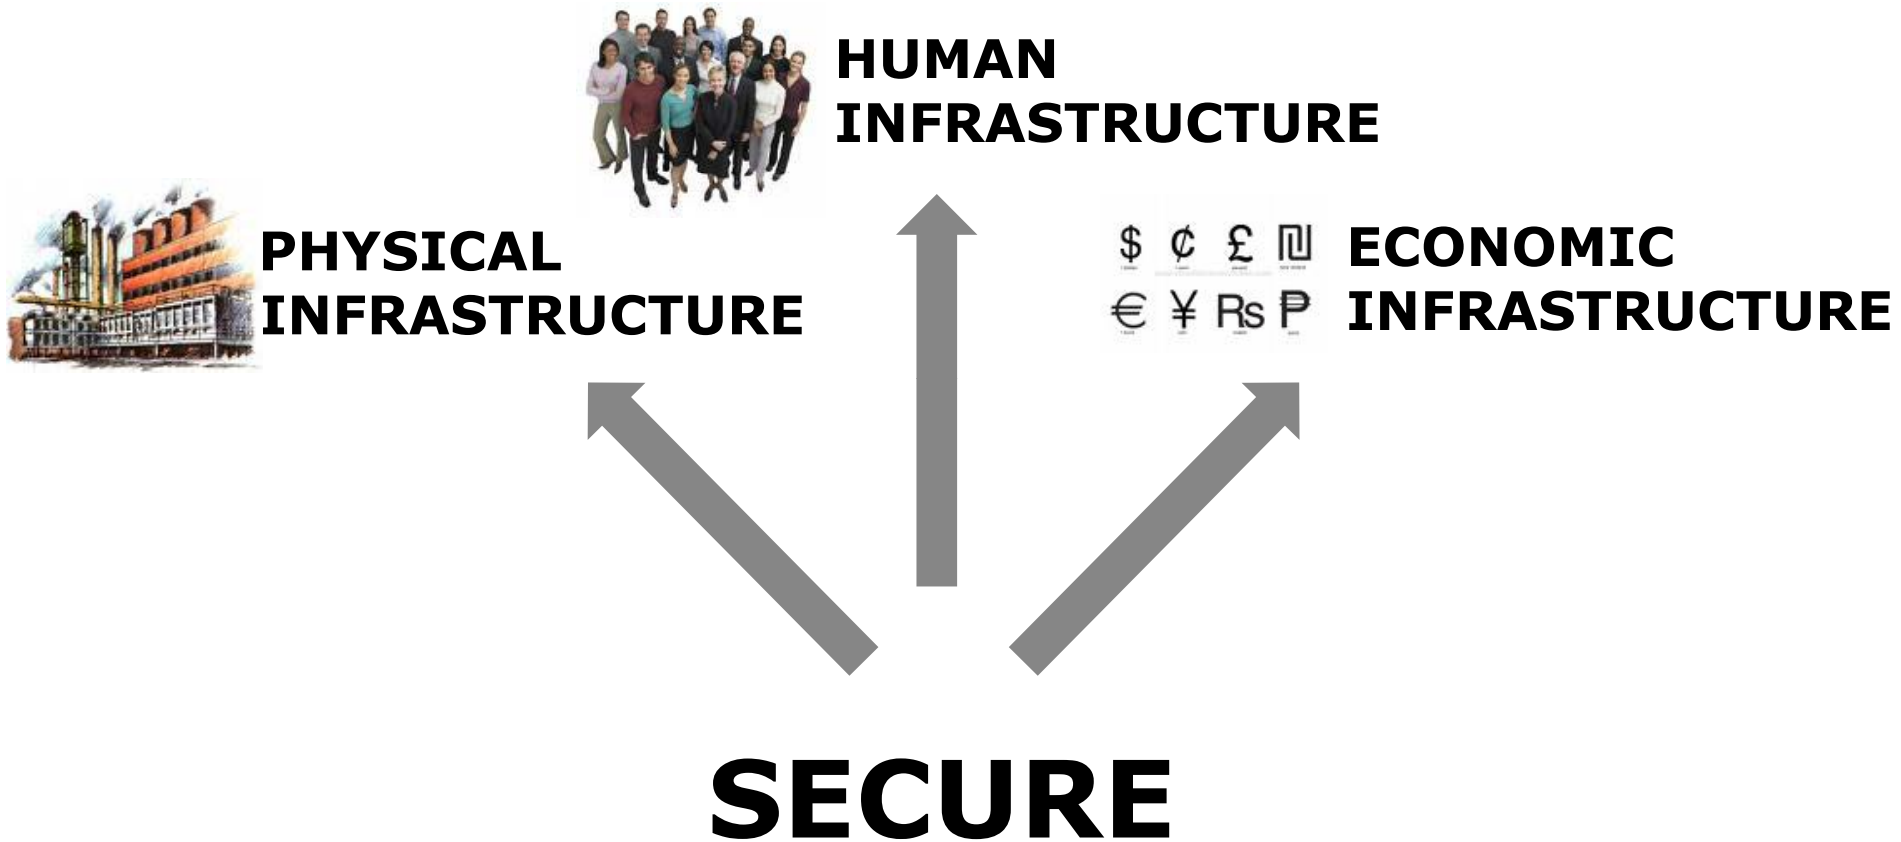

**DIGITAL
DECADE**

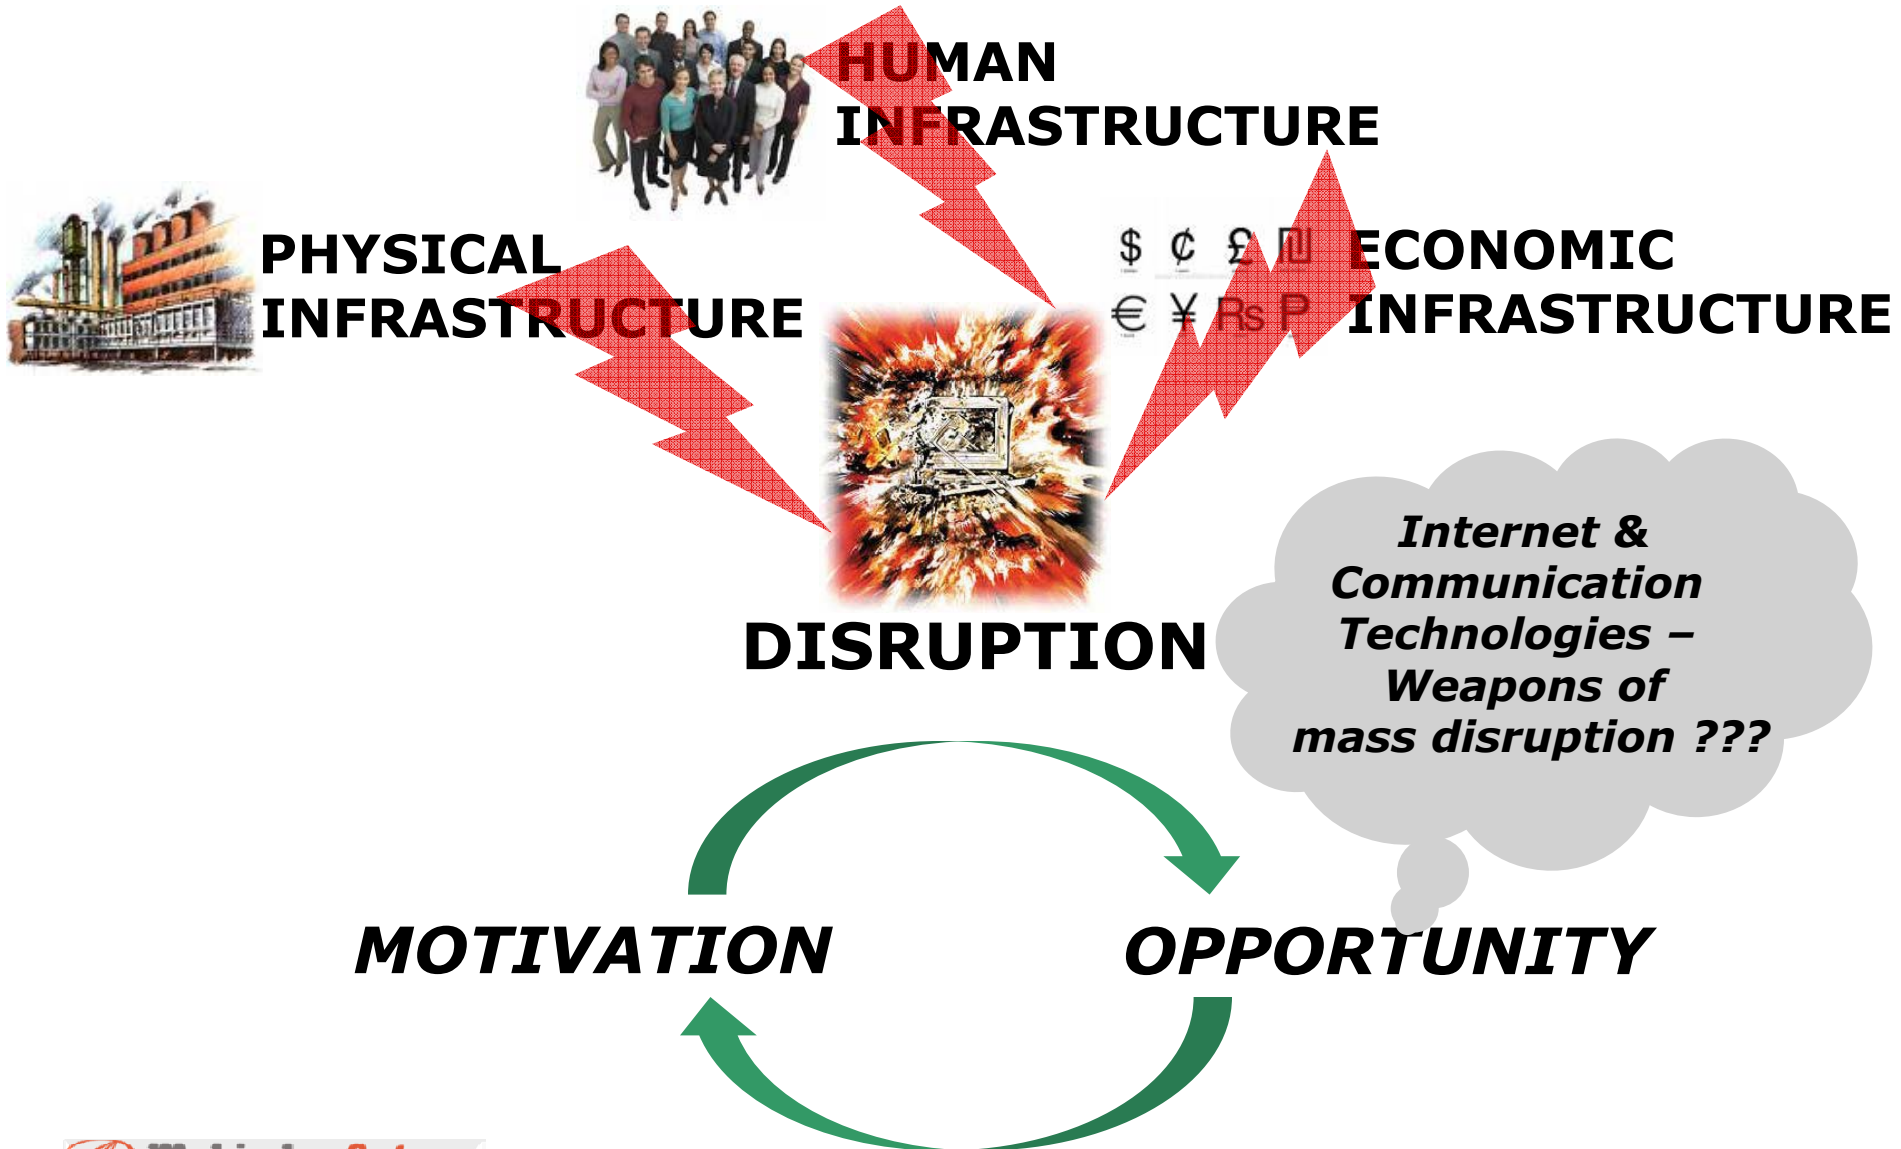

*Access to
ANY information
through **ANY** device
from **ANY** place
and (?) for **ANYONE***

We are trying to secure . . .

What are the implications ?

The Human dimension

**Role of Dogs-
???**

**Role of Humans-
to feed the dogs**

**Role of Computers-
to provide for all
our comforts**

Importance of the human dimension

The need and relevance of “security” must be understood by every individual in an organization so that the actions of each individual in support of security is intuitive and automatic.

Create a sustainable culture . . .
