S Gopalakrishnan
Vice President, Confederation of Indian Industry (CII) &
Executive Co-Chairman & Chairperson, Executive Council, Infosys Limited

S. Gopalakrishnan (Kris), along with N.R. Narayana Murthy and five others, founded Infosys in 1981. Kris served as Director (Technical) and his initial responsibilities included the management of design, development, implementation, and support of information systems for clients in the consumer products industry in the U.S.

Between 1987 and 1994, Kris served as the Vice President for Technical Operations of KSA/Infosys, a joint venture between Infosys and KSA located in Atlanta, U.S. In 1994, he returned to India and was appointed Deputy Managing Director of Infosys.

Before becoming the CEO and Managing Director in July 2007, Kris served as Infosys' Chief Operating Officer, President and Joint Managing Director, responsible for customer services, technology, investments, and acquisitions. He took over as the Executive Co-Chairman on August 21, 2011.

Recognized as a global business and technology thought leader, Kris was recently voted the top CEO (IT Services category) in Institutional Investor's inaugural ranking of Asia's Top Executives and selected as one of the winners of the 2nd Asian Corporate Director Recognition Awards by Corporate Governance Asia. He was also selected to Thinkers 50, an elite list of global business thinkers compiled by Des Dearlove and Stuart Crainer, in association with the IE Business School, Madrid and the London Business School's Management Innovation Lab.

In January 2011, the Government of India awarded Kris the Padma Bhushan, the country's third highest civilian honor. He has also represented Infosys and the country in such international forums as: The Indo-US CEO Council; President's Council of New York Academy of Sciences; and Member of UNESCO High-Level panel on Women's Empowerment and Gender Equity. Kris is also the Chairman of The Business Action for Sustainable Development 2012 (BASD), a coalition of international business groups committed to sustainable development.

Kris is the Vice President of the Confederation of Indian Industry (CII) National Council and on the Board of Governors at the Indian Institute of Management (IIM), Bangalore. He is also the Chairman of Indian Institute of Information Technology and Management (IIITM), Kerala. He is a member of ACM, IEEE and IEEE Computer Society.

Kris holds master's degrees in Physics and Computer Science from the Indian Institute of Technology, Madras.

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the growth of industry in India, partnering industry and government alike through advisory and consultative processes.

CII is a non-government, not-for-profit, industry led and industry managed organisation, playing a proactive role in India's development process. Founded over 116 years ago, it is India's premier business association, with a direct membership of over 8100 organisations from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 90,000 companies from around 400 national and regional sectoral associations.

CII catalyses change by working closely with government on policy issues, enhancing efficiency, competitiveness and expanding business opportunities for industry through a range of specialised services and global linkages. It also provides a platform for sectoral consensus building and networking. Major emphasis is laid on projecting a positive image of business, assisting industry to identify and execute corporate citizenship programmes. Partnerships with over 120 NGOs across the country carry forward our initiatives in integrated and inclusive development, which include health, education, livelihood, diversity management, skill development and water, to name a few.

CII has taken up the agenda of "Business for Livelihood" for the year 2011-12. This converges the fundamental themes of spreading growth to disadvantaged sections of society, building skills for meeting emerging economic compulsions, and fostering a climate of good governance. In line with this, CII is placing increased focus on Affirmative Action, Skills Development and Governance during the year.

With 63 offices including 10 Centres of Excellence in India, and 7 overseas offices in Australia, China, France, Singapore, South Africa, UK, and USA, as well as institutional partnerships with 224 counterpart organisations in 90 countries, CII serves as a reference point for Indian industry and the international business community.
