chairman's message

I take immense pride in sharing the several initiatives taken by CII Rajasthan in the last year making the state's industrial climate more conducive to growth and strengthening the institutional framework of CII in Rajasthan.

One of the big achievements is the allocation of three acres of land to CII for setting up of Water Institute at Jaipur by Government of Rajasthan. The Water Institute is poised to be a global centre of excellence on water management addressing issues of policy advocacy, training, projects and a one stop shop for all water management issues.

It has been a satisfying year on policy front, as the efforts made during preceding years saw the pronouncement of Industrial Policy and Rajasthan Investment Promotion Scheme 2010. The Single Window Ordinance / Act and Single Window Clearance Portal; Rajasthan Agri Business - Agro Industries Policy and the upcoming Solar Policy and Agriculture Policy have the imprints of our efforts. It is indeed heartening that the representations to the state government have been accepted.

In our pursuance towards bridging HR deficit, we have keenly worked for the Skill Development Centre at Bhiwadi, which would improve employability of people in Rajasthan. In addition to this CII members have adopted 43 Government ITIs, out of which 10 were adopted during last year. We also organised HR Conclave 2011 to share best HR practices and to further enhance the industry - institute interaction.

Another significant achievement is CeraGlass 2010. CII in partnership with RIICO and Indian Ceramic Society institutionalised a biennial event at Jaipur on Ceramics, Glass and Allied areas. The first edition was successfully organised with over 180 national & international exhibitors and eight international conferences and buyer seller meets. The event proved to be a major milestone in positioning Rajasthan as a major Ceramic and Glass manufacturing hub and not merely a raw material exporting state. Government of Rajasthan has made an astute decision by developing a Ceramic Hub at Gilot near Neemrana, powered by the supply of natural gas, the key prerequisite for the development of the sector. The 6th Krishi Utsav organised at Sri Ganganagar exposed the farming fraternity to the best practices and techniques in agriculture in local dialect at the Kisan Goshthis.

Reaffirming our commitment towards environmental concerns, on the eve of World Environment Day a National Conference, 'Business Action on Climate Change' was organised, which was addressed by Hon'ble Chief Minister and Hon'ble Minister for Environment.

To build and improve the competitiveness of member companies, workshops on Enhancing Competitiveness through Energy Efficiency, seminars 'How to be a Star Performer', 'Workshops on 5S, 3M' and special sessions on 'Autonomous Maintenance', 'Neuro Linguistic Programming' & 'Stress Free Living' were organised at various places across the state. Quality Circle Competition was organised to promote learning through sharing among participating companies.

It had been a challenging yet stimulating and satisfying stint as Chairman, CII Rajasthan. I am sure my successor will build on the edifice created with years of diligence and perseverance.

I would take this opportunity to thank Mr R M Khanna, Chairman, CII Northern Region; Mr Vijay K Thadani, Deputy Chairman, CII Northern Region; Mr Salil Singhal, Past Chairman, CII Northern Region and Ms Charu Mathur, Regional Director, CII Northern Region for their support and guidance. Special thanks to Mr S G Vyas, Vice Chairman, CII Rajasthan; Past Chairmen, convenors and all members of CII Rajasthan for their time, inputs, resources and hard work.

Three Cheers to all of you !

Rohit Saboo
Chairman
CII Rajasthan

Krishi Utsav 2010

September 7 – 8, 2010: Sri Ganganagar

The 6th edition of Krishi Utsav was organised in partnership with Government of Rajasthan featuring an exposition by over 70 organisations and kisan goshthis. Inaugurated by Mr Bharat Singh, Minister for Rural Development & Panchayati Raj, Government of Rajasthan, the Utsav was also graced by Mr Gurmeet Singh Kunwar, Minister of State for Agriculture Marketing and Mr Murari Lal Meena, Minister of State for Agriculture (Marketing), Government of Rajasthan.

At the Kisan Goshthis, farmer issues and concerns were addressed and best agriculture practices and techniques were shared in local dialect by over 35 scientists, professionals and progressive farmers. The fair was visited by over 10,000 farmers from Ganganagar and adjoining areas.

What is critical for Rajasthan Growth?

March 19, 2010: Jaipur

In conjunction with State Annual Session, CII organised a panel discussion on 'What is Critical for Rajasthan Growth'. Mr Rajendra Pareek, Minister for Industry, Government of Rajasthan was the Chief Guest and Dr Adarsh Kishore, Chairman, Axis Bank Ltd & former Finance Secretary, Government of India was the moderator for the session.

Eminent Panelists during the discussions.

One of the key point stated was that to change the industrial landscape of Rajasthan, it is desirable to have infrastructure projects like DMIC, emergence of the Asia's largest dry port at Rajasthan and introduction of new Infrastructure Development Act.

HR Conclave 2011

February 11 – 12, 2011: Jaipur

HE Shri Shivraj Patil Governor of Rajasthan speaking at HR Conclave 2011

With an intent to set effective HR practices and leadership for retention of the talent pool and converting human deficit to human excellence, CII Rajasthan organised a two day HR Conclave with eminent speakers from across the country. Participants included industry members, HR professionals and academicians. Shri Shivraj Patil, Governor of Rajasthan complimented CII for its proactive role in business development. Mr R M Khanna, Chairman CII Northern Region emphasised the need for revamping of education system and shared the retention tool kit for the SMEs.

Key takeaways of HR Conclave were:

- Excellence through leadership
- Think Globally - Act Locally
- Effective HR Practices and Leadership
- Interactions between Industry and Academia
- 3E Strategy: Educational reforms, Employability and Employment

CERAGLASS INDIA 2010

CeraGlass India 2010

November 11 – 14, 2010: Jaipur

Confederation of Indian Industry (CII) along with Rajasthan State Industrial Development & Investment Corporation Ltd (RIICO) and Indian Ceramic Society (ICS) institutionalised an international trade fair and conferences on ceramics, glass & allied areas held at Jaipur. The event inaugurated by Mr Ashok Gehlot, Chief Minister, Government of Rajasthan and Mr Anand Sharma, Union Minister for Commerce and Industry, Government of India effectively brought together for the first time all the sectors in ceramic and glass to represent the 'industry' per se and achieved its objective of catalysing market access, technology transfer and investments in this sector.

Mr Ashok Gehlot, Chief Minister, Government of Rajasthan and Mr Anand Sharma, Minister of Commerce & Industry, Government of India inaugurating the exhibition at CeraGlass India 2010

The event had over **180** national and international exhibitors spread over 6000 square meters of exhibition space and eight international conferences addressed by over **90** technical experts from all across the globe. About **373** new products were launched, displayed and generated **8,383** business enquiries.

A special **Buyer Seller Meet** was organised by CAPEXIL to promote exports from India. **28** importers from 14 Countries: Bangladesh, Botswana, Brazil, Egypt, Korea, Mauritius, Nigeria, Peru, Saudi Arabia, South Africa, Sri Lanka, UAE, Tanzania, Uganda and USA & **48** exporters participated. business of US\$ 25 million (approximate Rs 125 Crores) is expected to be generated out of these meetings.

Eminent speakers at the Technical Conference during CeraGlass India 2010

A skill development initiative **Somany Tile Master** was organised to train and certify the masons in the art laying and cutting of tiles during the two-day workshop at CeraGlass India 2010. Apart from this, live workshops & demos were organised, such as:

- Pottery making on potter's wheel
- Pottery painting
- Lac ki churiyan
- Flame glass art
- Life-size kiln and demo of bone china crockery making

Key Takeaways:

- 8383 business enquiries including 507 from foreign buyers
- 129 deals initiated worth Rs 13 crores approx., final figure likely to be around Rs 40 crores
- 373 new products launched / displayed
- 28 buyers from 14 countries, business to the tune of US\$25 million (approx Rs 125 crores) is expected to get generated
- 84% rated the exhibition as excellent and meaningful
- 86% indicated that they would visit the next event also

CERAGLASS

Ceramic Haat showcasing live demonstration by artisans, tile laying, glass kitchen, chasma ghar, etc was another unique feature of CeraGlass 2010.

Eye-Catchers

- Tiles & Sanitaryware
- Tableware & Art
- Ceramic & Glass Raw Materials
- Glass
- International
- Machine
- Structural Heavy Clay Products
- Technical and Advanced Ceramics
- Refractory & Allied Products

The second edition of CeraGlass India will be held on 15 – 18 December 2012 at Jaipur.

policy dashboard

CII proactively works with Government of Rajasthan in creating a congenial policy framework that facilitates a holistic and developmental growth of the State. The unstinted efforts of CII over the years have resulted in pronouncement of the following policy documents:

- Rajasthan Industrial & Investment Policy 2010
- Single Window Act
- Rajasthan Agri Business and Agro Industries Policy

CII is the only industry body in the task force that formulates the Agriculture Policy of Rajasthan.

Sr. No.	Issues taken-up	CII recommendations	Progress Meter

skills

Skill Development Centre

CII is all set to come up with a skill development centre at Bhiwadi, Rajasthan, with an in principle agreement already inked with the Government of Rajasthan.

An indepth employer's survey was commissioned by CII that covered over 500 members in Bhiwadi and Alwar. The survey encompassed:

- Validating the skill gaps & the trades for skill training
- Getting industry on board for skill development centre

- Involving industry in taking ownership
- curriculum for identified courses
- Map potential student profile

The study projected the total skilled manpower gap of 50.19 lakh till 2015, in various emerging sectors like construction, tourism and hospitality, food processing, auto mechanics, gems and Jewellery.

CII is now actively looking to bring on board a technical & industry partner for the purposed institute.

engaging with government

environment

National Conference on 'Business Action on Climate Change'

June 4, 2010: Jaipur

Shri Ashok Gehlot, Chief Minister, Government of Rajasthan addressing at the Inaugural Session

CII along with Rajasthan State Pollution Control Board and CII-ITC Centre of Excellence for Sustainable Development organised a National Conference on 'Business Action on Climate Change' with an objective to provide a platform to Indian industry to deliberate on the mitigation strategies and technologies across various sectors for environment conservation.

Shri Ashok Gehlot, Chief Minister, Government of Rajasthan appreciated the conference theme and CII's work on social issues. Mr Ram Lal Jat, Minister of State for Environment and Forest was the Guest of Honour for the programme. Eminent speakers from International Finance Corporation; Rajasthan State Pollution Control Board; Ministry of Science & Technology; Jubilant Organosys; Shree Cement; Ministry of New & Renewable energy; Yes Bank; Emergent Ventures India; Suzlon Energy; WWF India; Hindustan Zinc and Coca Cola also addressed the conference.

Key takeaways:

- Government has initiated the 'Harit Rajasthan' programme and the Forest Policy
- Rajasthan is producing 1,000 MW of Wind Energy, 100 MW of Biomass Energy
- Companies to prepare time-bound action plans for reducing carbon footprint, and invest in R&D along with other industry players.
- 'Corporate Clean Energy Investment Trends in Brazil, China, India and South Africa', a report released

Workshop on Waste Management

September 30, 2010: Jaipur

Mr Ram Lal Jat, Minister for Environment & Forest, Government of Rajasthan addressing at the inaugural session

CII Rajasthan and CII-ITC Centre of Excellence for Sustainable Development organised a workshop on Waste Management with an objective to discuss critical issues like industry responsibility, sustainable recycling and strategies to catalyse waste reduction.

Mr Ram Lal Jat, Minister of State for Environment and Forest, Government of Rajasthan was the Chief Guest and Dr V S Singh, Chairman, Rajasthan State Pollution Control Board & Principal Secretary – Environment & Forest, Mr Param Kannampilly, Chief Executive Officer, Concept Hospitality were the special guests for the programme. The speakers shared the best practices, case studies and innovative approaches towards waste management and suggested ways to find enabling solutions to the challenges of waste management by involving key stakeholders.

Seminar on Rain Water Harvesting

June 17, 2010: Jaipur

Mr R P Jain, the then CEO, Jaipur Municipal Corporation addressing the inaugural session of the seminar

CII - Water Institute organized a seminar on Rain Water Harvesting to provide an insight into various aspects relating to rainwater harvesting. Mr R P Jain, Chief Executive Officer, Jaipur Municipal Corporation was the Chief Guest at the Seminar and Mr Manoj Srivastava, Regional Director, Central Ground Water Board was the Special Guest for the programme.

The issues highlighted were selection, designing, basic construction, installation, operation & maintenance and case studies of rooftop and surface water harvesting for all sectors.

Rain Water Harvesting Structure

On the advice of Shri Ashok Gehlot, Hon'ble Chief Minister, Government of Rajasthan, CII built a Rain Water Harvesting structure at Pradesh Congress Committee Headquarters at Jaipur that has successfully recharged over 6 lakh litres of water during last rainy season.

Allocation of Land for CII – Water Institute

Government of Rajasthan has allocated 12,000 square meters of land for the proposed CII – Water Institute at Jaipur. CII would construct and manage a full fledged Centre of Excellence on Water with one stop shop solutions for issues related to water management.

membership

June 26, 2010: Jaipur

In order to understand membership issues, sharing the broader CII perspective and evolving the future roadmap, CII Rajasthan Members Meet was organised. Mr Vijay K Thadani, Deputy Chairman, CII Northern Region & Chief Executive Officer, NIIT interacted with the members at the meet.

CII adopts 43 ITIs

Plans to convert them into centres of excellence

Mohammed Iqbal

JAIPUR: As part of its skill development agenda, the Confederation of Indian Industry (CII) has adopted 43 government industrial training institutes (ITIs) in Rajasthan to convert them into centres of excellence. The ITIs have started working faster after the signing of memorandums of understanding.

CII State Council chairman Rishi Saboo said here on Monday that the industrial conglomerate has taken up the task as an "important agenda" under its social commitment and decided to adopt as many ITIs as possible this year. The CII has established a panel on human resources and education for the purpose.

The Union Government had announced the scheme

for adoption of the ITIs by industry in 2007, following which the CII's panel has been raising the issues faced by industry members which entrusts the ITIs with and helping more CII members adopt the institutions.

Mr. Saboo said the CII had gained the insight on skill development to align the industry's manpower needs with the initiatives for improving skills and employability of the working population, including semi-skilled and unskilled and semi-skilled workers.

"ITI adoption is another way towards a new wave of skilled manpower for serving the needs of industries and entrepreneurship and further employment generation," said Mr. Saboo, while pointing out that making the workforce efficient will help the

New laws to help industries

DNA Correspondent

The state government is likely to make some amendments in laws to boost the industry sector in state and has geared up to provide land for industries.

Rajeshwar Bhansawat, managing director of Rajasthan state industrial and investment corporation (RISIC), informed about these initiatives of government while interacting with members of Confederation of Indian Industry (CII) in the city on Saturday.

Bhansawat said that Rajasthan is the largest state with 10% land possession in country. He added that RISIC is coming up with a few land-related rules which would certainly benefit the industry. "Also we are going to stop the usage of industrial land just for general speculation investment purposes for which we are going to make amendments in laws too."

Chairman V.K. Thakur, deputy chairman CII, said that Rajasthan has potential to emerge as the next destination for investments and growth. He told that Delhi-Mumbai industrial
