CII MEMBERSHIP SERVICES

Confederation of Indian Industry

Foreword

Membership services represent the bedrock of the overall CII agenda. Over the years, CII has evolved a wide-ranging portfolio of Member Services, based on continuous dialogue and feedback, tailored to the needs of Members on an ongoing basis. CII offers a dynamic and wide range of service portfolio for the benefit of members.

Policy advocacy, which is a core activity of CII involves taking up economic, trade, sectoral and state level policies with Central and State Governments.

Business Development & International services of CII helps create networking platforms through sectoral business promotion activities across major industry and services sectors, both within the country and for overseas markets.

As a priority agenda, CII assists Member organisation in Community Development by assisting industry to identify and execute corporate citizenship programmes.

CII delivers its Member Services through diverse formats. This includes nearly 500 membership forums supported by a network of 62 offices in India, 8 overseas offices with 1000+ Secretariat, more than 70 Sectoral Councils & Committees, 10 Centres of Excellence located across the country are specialized institutions for providing training, advisory and consultancy services for enhancing competitiveness in quality, energy, green business, sustainability, logistics, food & agriculture, water, leadership and MSME competitiveness, 2 Technology Development Centres for aiding technology transfer & development and 5 Model Career Centres.

The Online Business Resource Centre of CII - myCII delivers wide range of services to Members through online portal www.mycii.in, including information alerts on business opportunities, Government policies, investments, research reports, etc. This enables Members to keep informed about the latest trends in the market and the economy, prepare themselves to meet the future challenges, and take advantage of emerging business opportunities.

This handbook is a compilation of comprehensive suite of CII services offered to Members.

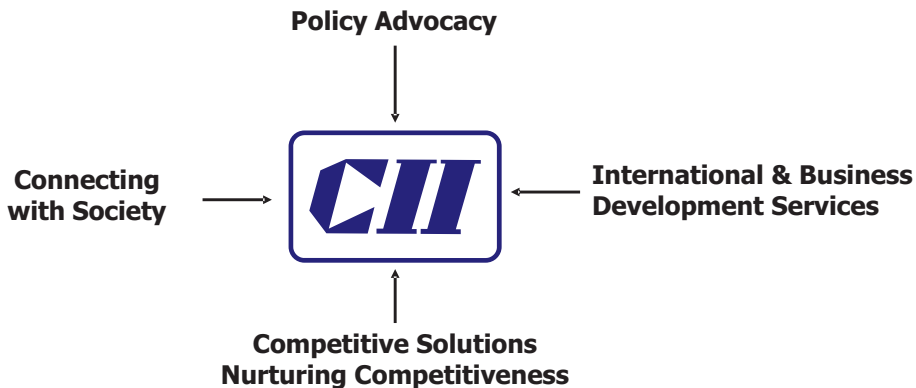

To derive benefits of your Membership with CII, I invite you to take full advantage of CII Membership Services.

Chandrajit Banerjee
Director General, CII

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering Industry, Government and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with over 9000 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 294 national and regional sectoral industry bodies.

For more than 125 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

As India marches towards its 75th year of Independence in 2022, CII, with the Theme for 2021-22 as **Building India for a New World: Competitiveness, Growth, Sustainability, Technology**, rededicates itself to meeting the aspirations of citizens for a morally, economically and technologically advanced country in partnership with the Government, Industry and all stakeholders.

With 62 offices, including 10 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with 394 counterpart organizations in 133 countries, CII serves as a reference point for Indian industry and the international business community.
